## The Pegasus Scholarship Fund

Since Pegasus' founding in 1975, the organization has **never turned away a prospective rider because of financial circumstances**. Currently, each rider family pays no more than \$45 per riding session, while our actual cost per ride exceeds \$200. The Pegasus Scholarship Fund helps bridge the **annual \$450,000 funding gap** for all riders and provides further assistance to families who demonstrate additional financial need. **Your participation in the Pegasus Championship Golf Tournament** will help provide our families with the support they need to keep our riders in the saddle.

\*In a bramble format, all four players tee off, and the best drive is selected. The other three players then place their balls at that spot. Each player continues playing his or her own ball from that location, stroke-play style, until holing out, producing four individual scores. Prior to the start of play, the club pro will announce how the team score will be determined.
