Founded in 1975, Pegasus is a PATH International Premier Accredited Center

Thank you all for being supportive and patient through the Pegasus Emergency Postponement due to the COVID-19 pandemic.

We have great news to share! Pegasus has received our official Open for Business designation from the Governor's Office of New York State. We will reopen in phases and run a modified 5-week summer session. Phase 1 will be programs that enable us to comply with the current CDC COVID-19 safety guidelines. This phase includes participants who do not require the use of side walkers (as determined by program staff), unmounted Equine Experience Days, and The Equus Effect.

We're also looking forward to hosting a virtual drive-thru Pegasus Horse Show on Saturday, August 15. Stay tuned for more details.

Please join us as we step up to the plate and begin our reopening process. We are strong and ready to bring back the Pegasus Calvary!
