pegasustr.org

Founded in 1975, Pegasus is a PATH International Premier Accredited Center

Dear Pegasus Community,

As a valued member of the Pegasus community, we want to update you on our current status.

Pegasus is concerned about three main principles:

1. Safety of staff, participants, and volunteers
2. Health and safety of the herd
3. Organizational health

In accordance with these principles, we will be postponing all spring programs until **Monday, May 4th**. During this time, we will continue to fundraise; develop our programs; spruce up the farm and plant seeds for the future.

Rest assured our herd will be well cared for and will enjoy this extended spring break. If you would like to peek in on what the horses are up to, be sure to check us out online at www.pegasustr.org; www.facebook.com/PegasusNYandCT; www.instagram.com/pegasusnyct/

We appreciate that Pegasus is an important part of your life and we look forward to welcoming you back soon.

Best Regard,

Pegasus Team
